### At the Wood Pile

Are you a 'Shark Tank' fan?

We continue to make some changes to our webpage and hope that you find it useful.

The housing market is showing more signs it is coming to life. Current projections show housing starts should top 1.3 million and new home sales are up. Optimists believe that the pent-up demand will lead to the long-anticipated building surge in 2016.

Thank you for shopping with us. No matter what your project is, or what your need is, we are willing to help you!!

We appreciate your business as well as your [feedback](#). If you have any questions, feel free to call or email us! Thank you for supporting M&M Lumber, the place to be for your building and hardware needs.

Sincerely,

**M&M Lumber**

Are you on Facebook? If not, this is what you're missing:

Rebar: Domestic and import rebar has been unchanged or declined just slightly in the last 30 days. Imported Turkish rebar is expected mid-February which will continue the trend of an unchanged rebar market for the month of February.

Remesh is also having a slight decrease in price with no change expected in the next 30 days.

Lumber: Holiday production curtailments by multiple lumber producers temporarily halted the steady decline in the lumber market. Prices rose slightly the first of January, but with the onset of winter weather prices have declined just a bit with the lack of buying urgency from end users.

The second half of February is expected to be stronger with those prepping for spring projects.

Plywood & Panels:

OSB prices have been rising and the spread between OSB and plywood has been shrinking.

Other Vendors:

-Tamko has announced a price increase on their Envision Decking. Citing increased costs of raw materials, energy and transportation with the manufacturing of their EverGrain Decking, they will be raising their prices 5-7% February 1, 2016. They have also announced a price increase on their Marquee Railing of 8% on February 1, 2016.

-Craftmaster doors has announced a 3-5% price increase effective February 1st.

-ISC Surfaces has announced price increases on orders placed after February 1 for several different grades of laminate and decorative edges. Most laminates will increase by 8-10 cents per square foot.

-Simpson Hangers has announced a price increase March 1. The percent has not been announced, but will include adjustments on connectors, anchors and fasteners.

each piece is roughly 1/4" x 1-1/2" x 4'. Current prices are \$17.50/bundle. These are perfect for door shims, furring strips, a surveyor marker or fire starter.

**Useful information:**

While Whitney and JoJo went to Houston for a hardware show, Sean went to Dallas for a different show. Any guesses on who is in the photo with Sean?
